

Social Services Training

Internships in the social services industry provide international Interns/Trainees with excellent insight into American business and human services practices as well as exposure to the policies that drive the American social services industry.

Since you are interested in pursuing an internship in this field, CIEE would like to share with you guidelines for your program, including specific limitations on some tasks.

Please see below CIEE's specific guidelines and requirements for social services training programs.

TRAINING PLAN GUIDELINES

Social Services training tasks that **CIEE can accept**:

- o Social work research and policy (unpublished)
- o Community outreach and marketing
- o Social and human services that help social workers, healthcare workers, and other professionals providing services to people
- o Social work administration and operations (must be limited to no more than 10% unskilled tasks, including filing, answering phones, data entry, etc. and only permitted when essential for higher level training.)

Social Services training tasks that **CIEE cannot accept**:

- o Childcare workers
- o Residential support services
- o Residential direct care workers
- o Autism case specialists
- o Host parent in therapeutic group homes and foster care
